Skills

- **Languages**: C, C++, Python, Java, JavaScript
- **Frameworks**: HTML, CSS, Node.js, React
- **Tools/Platforms**: MySQL, MongoDB, Git, GitHub, Blender
- **Soft Skills**: Problem-Solving, Learning Agility, Team Collaboration, Persistence

Projects

Movie Recommendation System Using Machine Learning | GitHub: Aug' 25 – Sep' 25

- Developed a content-based movie recommendation system that suggests similar movies using cosine similarity and metadata analysis.
- Built a recommendation engine that returns accurate and personalized movie suggestions based on user-selected titles
- **Tech Stack**: Python, Pandas, NumPy, OpenAI API, HTML, CSS, MySQL

Trackify – Online Train Ticket Booking |GitHub: June' 25-July' 25

- Created a full-stack train ticket booking platform supporting live seat tracking, secure authentication, and automated booking workflows.
- Framed the frontend with React, configured Spring Boot microservices for ticketing and schedules, and used AWS for real-time updates and transactional email confirmations.
- Reduced transaction failures by 35%, improved booking load-time by 30%.
- **Tech Stack**: HTML, CSS, JavaScript, React, Java, Spring Boot, AWS

Certificates

- Legacy Responsive Web Design V8 |FREECODECAMP Nov' 25
- Mastering in DSA |LPU Sep' 25
- Foundations: Data, Data, Everywhere |COURSERA Sep' 25

Training

Fundamental of Data Structures and Algorithms: Mar'25 - Apr' 25

- Completed structured training covering core concepts including arrays, linked lists, stacks, queues, graph.
- Developed problem-solving skills through implementation of algorithms such as searching, sorting, recursion, and dynamic programming.
- Project – Library Management System: Designed and developed a console-based application using linked lists binary search trees to manage book records, search efficiently, and handle borrowing/return transactions.

Achievements

Secured LeetCode 100 Days Batch: Oct' 25

- Solved 150+ problems for 100 consecutive days, increasing problem-solving speed and accuracy.

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.7*** *Aug' 23 – Present*
- **B L Indo Public School** Aurangabad, Bihar
  Intermediate; ***Percentage: 64%*** *Apr' 22 – Mar' 23*
- **D.A.V Public School** Aurangabad, Bihar
  Matriculation; ***Percentage: 82%*** *Apr' 20 – Mar' 21*
